## Student Development and Residential College Programmes

### HSUHK New Student Orientation 2020

New Student Orientation was held on 21 August 2020 and 1 September 2020 for senior-year and year-1 new students respectively in an online format due to the pandemic. With the theme "Leap to Lead", students were encouraged to move forward and make change even amid the unprecedented situation and to develop their potential in HSUHK. Over 2,300 participants, including new students, senior-year students, as well as academic and administrative staff were involved in the activity, and around 1,700 new students took part in different sessions and received important information to kick-start their campus life at HSUHK.

### Honours Academy

Aiming to cultivate future leaders with academic excellence, global vision, and civic leadership, the pioneering Honours Academy (HA) was established in 2019-20. Admitted HA students will go through a three-year journey of extra focused training which is innovatively and flexibly designed and will experience a unique undergraduate life.

In the year under review, the HA First Cohort Inauguration Ceremony was held on 9 October 2020, attended by the first-cohort HA students, HA Board members, Professional Fellows comprised of prestigious community leaders, and Academic Fellows. Throughout the year, HA students participated in an array of training programmes and activities, including the Professional Fellow Talk Series featuring Mr Lam Woon Kwong, Mr Benjamin Tang Kwok Bun and Mr Clement Cheung Wan Ching as guest speakers from February to March 2021, the visit to Crown Worldwide Group’s Warehouse, etc., to equip themselves as leaders initiating positive social changes.

## First-cohort HA Students

*“I am so grateful to the Honours Academy for the wide range of opportunities provided for us. For example, one of our Professional Fellows and my mentor, Mr Lam Woon Kwong, gave me a quick review of government operations. His insights paved the way for my two-month summer internship in the prosecution division at the Department of Justice, the HKSAR Government, where I gained practical knowledge about statutory regulations and legal procedures. Moreover, I am pleased to have the opportunity to share my career planning experience with HKDSE students during the HSUHK admissions talk. This sharing of my humble views is the most meaningful accomplishment I have achieved in my bachelor’s degree study.”*

*“I still vividly remember joining one of the HA seminars which was a soft meal-preparation workshop at the Project Futurus, a social enterprise caring for the aging population and ageism in Hong Kong. Being much convinced by their vision, I was eager to be a part of this great mission. As my summer internship, I was fortunate enough to join this passionate team where I could (literally!) get my hands dirty, all for a meaningful cause. I am so grateful that I have learned a lot about the issues of aging and dysphagia. The supportive team there not only entrusted me with important responsibilities but also encouraged me to express my views freely. All in all, I would like to thank the Project Futurus, and the Honours Academy for this rewarding and fruitful social engagement experience.”*
