WELCOME BY THE PRESIDENT

Professor Simon Ho
President

On behalf of The Hang Seng University of Hong Kong (HSUHK), I take great pleasure in welcoming you to the Honours Academy (HA), an incubator for future servant leaders.

As a pioneering and visionary private university, HSUHK established the HA in 2020, the first and only of its kind initiated by a Hong Kong higher education institution. Extending on the University's unique "Liberal + Professional" education model, HA aims to nurture high-achieving, high-potential and highly motivated students to become outstanding public leaders, who can direct positive changes in the local and global communities.

Adhering to this mission, each year HA welcomes a cohort of around 20 rigorously-selected year-two undergraduate students to go through a three-year extra journey of

focused leadership training. It comprises an innovative, interdisciplinary and policy-oriented curriculum as well as diversified experiential development opportunities. I would like to show special gratitude to our HA Professional Fellows, who are prestigious leaders from various sectors, serving as mentors of our HA students. Also, I sincerely appreciate our devoted faculty members who act as HA Academic Fellows, offering independent research supervision to HA students.

With the joint efforts from HSUHK staff and leaders from the community, I believe our HA Students will take the lead to make a better world.

MESSAGE FROM FOUNDING HEAD OF HONOURS ACADEMY

Welcome to the Honours Academy (HA) at The Hang Seng University of Hong Kong (HSUHK). As the founding HA Head, I am excited to introduce this newly established programme in Hong Kong. The HA is founded with the goals to bring together resources inside and outside of HSUHK in a systematic manner for talent development. We are committed to nurturing future leaders who will create a positive impact on society, both locally and globally.

The HA is built on the excellent foundation of HSUHK's academic diversity and seeks to develop our homegrown high-achievers through an innovative and flexible interdisciplinary curriculum structure. While our students pursue diverse majors, the HA serves as a hub to inspire them to think broadly and collaborate constructively with each other with the concerted support and efforts across different units in HSUHK. This unprecedented initiative in HSUHK reflects our dedication to education.

Professor Jeanne Fu
Acting Vice-President
(Learning and Student Experience)
Founding Head of Honours Academy

We prioritise education through tailor-made modules, scholarships, experiential learning, senior research projects, and mentoring by our Professional and Academic Fellows.

Our prestigious mentoring programme connects HA students with industry leaders for job shadowing and guidance, while academic research projects are supervised by distinguished scholars. These experiences equip our students to analyse and solve social problems.

I encourage our carefully selected HA students to maximise the resources available for academic, professional, and personal growth. Admittance to the HA recognises academic and personal achievements. I welcome those who aspire to reach their highest potential to join the HA family.

GREETINGS FROM ACTING HEAD OF HONOURS ACADEMY

Back in February 2020, under the leadership of Professor Hui and Dr Fong, and with the support of the founding Secretariat team, Cannon, Winnie and Sucre, Jeanne, Esther and I brought a noble idea nurtured by President Ho to fruition. Empowered by Joanne, Nicole, Alison, Grace, Candy, the HA team witnessed the birth of the fourth cohort, and also the graduation of our inaugural cohort.

At the very heart of the HA experience lies our firm belief in the power of family. We are more than highly-motivated individuals striving for excellence; we are a tight-knit community that fosters deep connections, nurtures personal growth, and cherishes the bonds that tie us together. In the HA, we find a home where we can be our authentic selves, celebrate one another's achievements, and find solace and inspiration in times of challenge.

When one of us sheds tears, the HA family stands united, offering a shoulder to lean on.

When one achieves success, the HA family takes pride, applauding in the front rows.

As we embark on this journey, we are blessed with a multitude of resources that fortify our family bonds. We first extend our sincere thanks to a league of accomplished leaders from various industries who serve as Professional Fellows, guiding our HA students in their career aspirations and life goals. We also express our gratitude to our esteemed Academic Fellows and research supervisors, the distinguished scholars within HSUHK, who mentor our HA students on research projects, sharpening their intellect and preparing them to address societal challenges. Also, we appreciate the support from HSUHK's administrative and academic units, without whom the HA curriculum and activities would not be possible.

Now, I invite each of you to join our HA family where you will definitely be amazed by our spirit of togetherness and family connections that will endure after graduation. Together, let us build a legacy of family bonding that transcends time, shaping not only our present, but also the future of the HA, and our society.

Welcome to the Honours Academy—a place where dreams take flight, and family bonds flourish.

Dr Holly Chung
Acting Head of Honours Academy

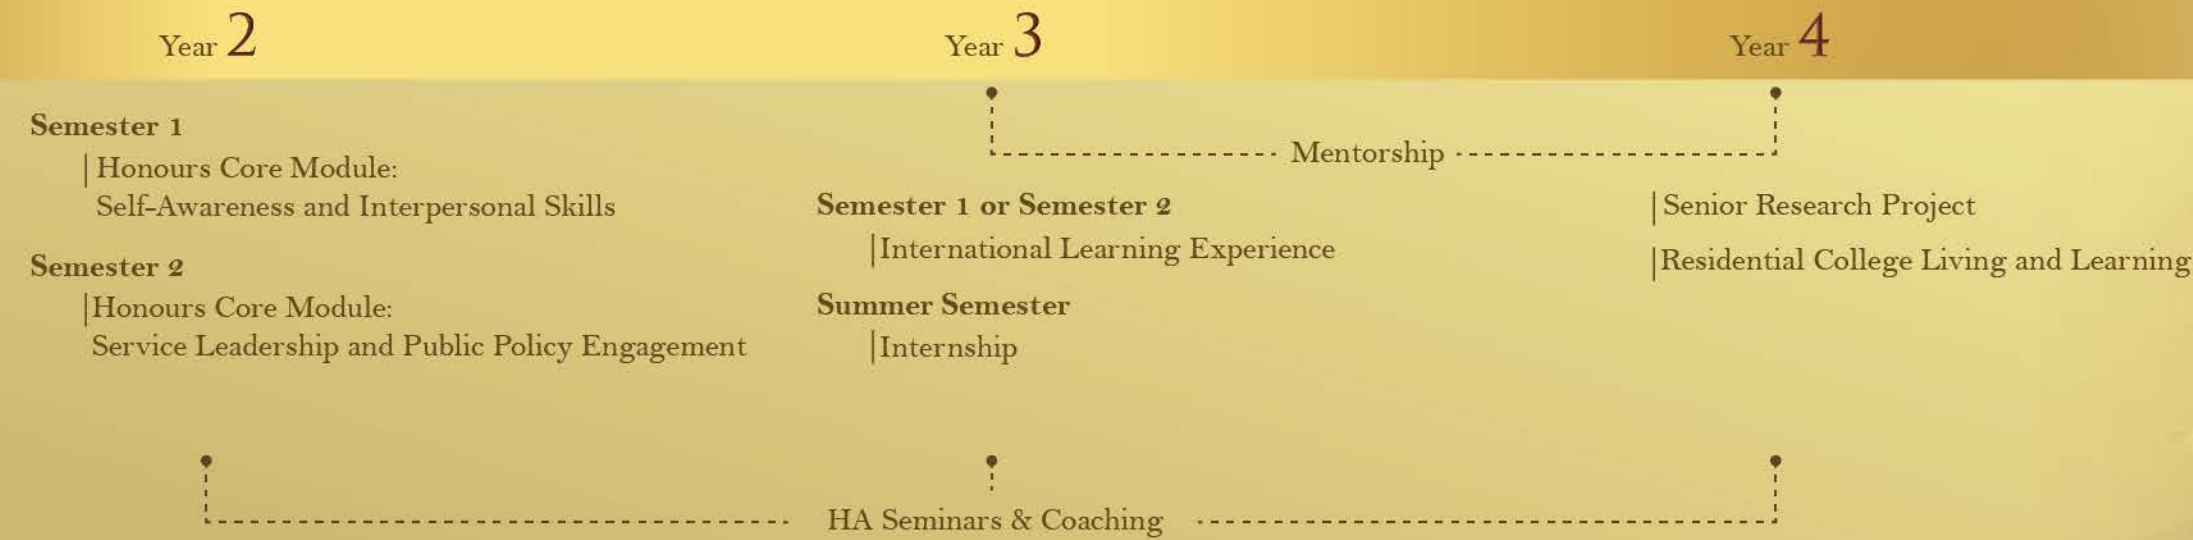

VISION

As the pioneering initiative in local higher education institutions, the HA, capitalising on our University’s “Liberal + Professional” education model, aspires to enhance the undergraduate experience for a select group of high-achieving, high-potential and high-motivation students at HSUHK, by building a community of intellectually curious young scholars with academic excellence, global competencies and civic leadership to create positive impacts on society in support of the social and economic developments locally and globally.

MISSIONS

- To provide an innovatively and flexibly designed interdisciplinary curriculum for promising students to become future global leaders;
- To develop a vibrant and supportive community of HA Students with academic excellence, empathy for communities, an international perspective, leadership and civic engagement;
- To provide a creative and encompassing education dedicated to life-long learning and positive social impact; and
- To encourage undergraduate research, interdisciplinary studies, and creative education.

Here comes the last year of my three-year journey in the Honours Academy. I am filled with gratitude for the unwavering support provided by our HA family. It is a great place where every one of us can explore our full potential, for example, conducting research with professional fellows, participating in various competitions, and interning at different organizations. I am proud of the progress we have made together.

As I soon embark on a new journey as a law student at CUHK, I would like to extend my heartfelt blessings to my HA brothers and sisters. May you find a path that is fulfilling and meaningful to you. Your starting point does not determine how far you can go. Never set limits on your unlimited potential! Big thanks to the HA, and HA students will certainly thrive.

Christy Ng

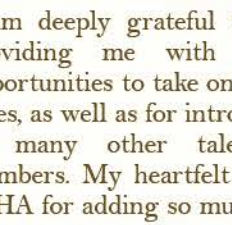

Bachelor of Business Administration (Honours) in Finance and Banking

I am grateful that I have graduated from HSUHK and now got an offer from a big accounting firm. It is so much different from my study major. It may be a new challenge for me but I will use the problem-solving mindset and an open mind learnt in Honours Academy to tackle my future challenges.

Erica Yuen

Bachelor of Business Administration (Honours) in
Corporate Governance and Compliance

I am deeply grateful to HA for providing me with numerous opportunities to take on leadership roles, as well as for introducing me to many other talented HA members. My heartfelt thanks go to HA for adding so much color to my university experience.

Tommy Fong

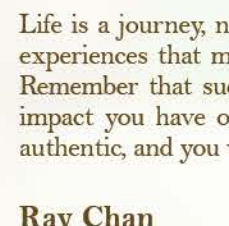

Bachelor of Arts (Honours) in Convergent
Media and Communication Technology

Embrace the journey of HA, where innovation knows no bounds and accomplishments are woven into its very fabric. Your participation fuels our collective spirit, propelling us forward with gratitude. Blessings on this endeavor, a reflection of our shared commitment and aspirations.

Isaac Li

Bachelor of Business Administration (Honours) in Financial Analysis

Life is a journey, not a destination. It's important to enjoy each moment and appreciate the people and experiences that make it special. Don't be afraid to take chances, make mistakes, and learn from them. Remember that success is not measured by material possessions or external achievements, but by the impact you have on others and the world around you. Always strive to be kind, compassionate, and authentic, and you will lead a fulfilling life.

Ray Chan

Bachelor of Arts (Honours) in Applied and Human-Centred Computing

In the realm of Honour, where courage resides,
Oceans of spirit, where strength coincides.
Navigating pathways, with purpose to glean,
Opportunities captured, like gems in a dream.

Undaunted by origins, their roots left behind,
Radiant warriors, to destiny aligned.
Seizing the moments as they swiftly pass by,
Armed with the wisdom, to reach for the sky.

Stella Yap

Bachelor of Business Administration (Honours) in
Corporate Governance and Compliance

The HA journey makes my university life complete and fruitful. Here, I met the best professors, my lifelong mentor and besties as well as my dream. Life is hard with loads of challenges. But we only live once. So never regret and live your best life.

Katy Luk

Bachelor of Business Administration
(Honours) in Global Business
Management

As the first cohort of HA, I have had numerous opportunities to explore the world. The workshops on volunteer work, dining etiquette, and company visits have taken me on unexpected journeys. Joining HA has brought about a tremendous change in my university life. I have always believed that opportunities exist in school, but their realization depends on how one utilizes them. What sets HA apart is the personalized coaching provided by our HA head and subheads. Through sensible recommendations and conversations, I now have a clearer understanding of what I need to do next. I want to express my heartfelt gratitude to the HA for nurturing and developing me into a leader over the past three years.

Alison Cheng

Bachelor of Business Administration (Honours) in Supply Chain Management

Can't believe time flies so fast. Feel so glad to meet you all here. Now that we are going to start our new chapter, I hope every one of you lives the best of your life! It's okay to be blue sometimes but don't forget to find the rest of the colours in your life. Miss y'all.

Gianni Ting

Bachelor of Social Sciences (Honours) in Asian Studies

The journey may be tough, but it will be worth every second. This is your moment to move to the next level and show people what you are capable of. Do not just "be" in HA, be proactive and seek out opportunities.

Brandon Wu

Bachelor of Science (Honours) in Data Science and Business Intelligence

Life is short. Time is limited. Chances would never stop for you but for those who had prepared instead. Weak men wait for opportunities; strong men make them. Being willing to step out first would be one of the footprints toward your great success. If you are not taking risks, you are not being creative. There is no rose without a thorn. You may face different challenges and difficulties lifelong that make you down. Do not be fear of failure but afraid of not taking chances. When you look back, you will be grateful you had tried.

Icy Leung

Bachelor of Science (Honours) in Actuarial Studies and Insurance

Thank you HA for giving me many opportunities to try different things such as joining the Elite Summer Programme, exchanging in Australia, and setting up the community service team and recreational team. It was my honour to be one of the members of HA. I wish HA a better future.

Fanny Cheung

Bachelor of Business Administration (Honours) in Professional Accountancy

Hope you can meet important people in your life through the HA journey. When you took something from here, always remember to be grateful. Give and take! Embrace the challenges and opportunities that this HA gives you :)

Lauren Lin

Bachelor of Business Administration (Honours) in Financial Analysis

Time flies, and the inauguration of the first cohort feels like it happened just yesterday. I want to express my sincere gratitude to the wonderful people I have met in the Honours Academy (HA), including my peers, HA Heads, and staff. You have all thrived with me along the way and have been great friends. It's been my pleasure to become a member of the HA family, and I have learned so much from each and every one of you, transforming into a better leader than I was yesterday.

Tom Tang

Bachelor of Management Science and Information Management (Honours)

Faith in the future. This is a brand new journey that will take you to somewhere unexpected. Never stop learning and keep pushing yourself.

Hermione Chui

Bachelor of Business Administration (Honours) in Marketing

I'm so grateful that I took the first step and submitted my application to HA when I was in my freshman year. I never would have thought the HA Journey to be so exciting.

Icelyn Choy

Bachelor of Arts (Honours) in English

ADMISSION

The Honours Academy (HA) opens the door to a world of accomplishment for students. If they aspire to achieve academic excellence, global competencies and civic leadership, the HA is going to be their new home, for their three-year HA education with us, and for their lifetime with a world full of opportunities.

The HA at HSUHK is assembling the most promising students each academic year, around 20 beginning year-two students with a minimum of 3.30 cumulative GPA. Students are invited to join a community of young scholars who are all driven by a commitment to academic excellence, global competencies and civic leadership.

We select the finest, because we offer the finest: the finest educational experiences and resources for our high-ability students. Upon each application, we will conduct a thorough review of their academic and extracurricular performance, personal statement, recommendation and admission interview. To gain the best HA experience, students need to accomplish every single step in our well-planned curriculum.
